DETAILED ACTION

In the Amendment dated January 24, 2005, the specification, the abstract and claim **11** is amended. Claims **1-10 and 13-30** are canceled and new claims **31-36** are added. Accordingly, claims **11, 12 and 31-36** are currently pending in this application.

Allowable Subject Matter

Claims **11, 12 and 31-36** are allowed.

The following is an examiner's statement of reason for allowance:

Claims **11 and 12** are allowable over the prior art of record because the prior art of record does not teach or render obvious a semiconductor device comprises, in combination with all other features, the surface of the semiconductor layer is silicidized in such a state that a surface of the isolation film is exposed as recited in independent claim **11**.

Claims **31 and 32** are allowable over the prior art of record because the prior art of record does not teach or render obvious a semiconductor device comprises, in combination with all other features, the isolation film including the nitride film being completely buried within the semiconductor layer as recited in independent claim **31**.

Claims **33 and 34** are allowable over the prior art of record because the prior art of record does not teach or render obvious a semiconductor device comprises, in combination with all other features, a metal layer formed over the semiconductor layer and the plurality of semiconductor elements such to expose the isolation film as recited in independent claim **33**.

Claims **35 and 36** are allowable over the prior art of record because the prior art of record does not teach or render obvious a semiconductor device comprises, in combination with all

other features, the isolation film having an upper surface flush with the surface of the semiconductor layer as recited in independent claim 35.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
